Web Content for Academic or Career Purposes  
Employment Cover Letters  
Oral Presentations – Writing and/or Slideshow Prep

My teaching, tutoring, and editing experience has brought me to the table with learners developing basic writing skills to accomplished PhD students completing their dissertations. All of my work is rooted in a mentoring and coaching relationship with learners of varying cultural backgrounds and levels of confidence with their writing. My mentorship brings writers to new levels of understanding about and a stronger relationship with their own writing processes. Contact me for more information about both online and live sessions.
